Q: Question

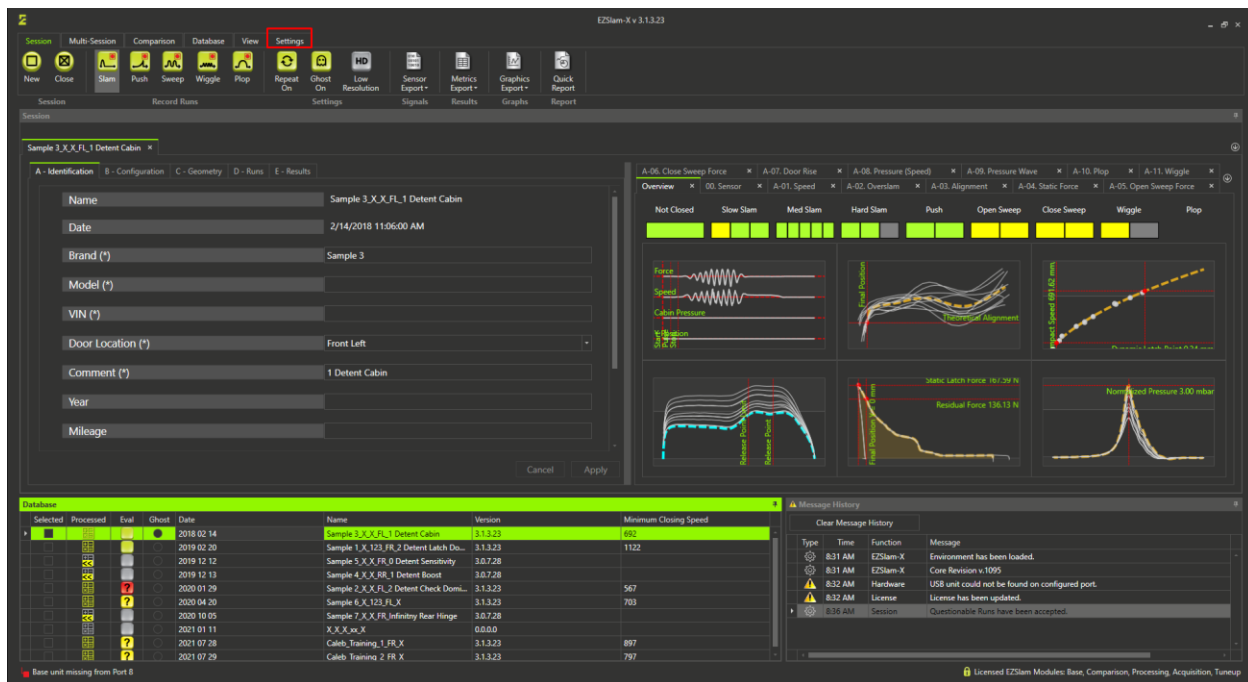

Where can I find the latest version of the user manual?

A: Answer

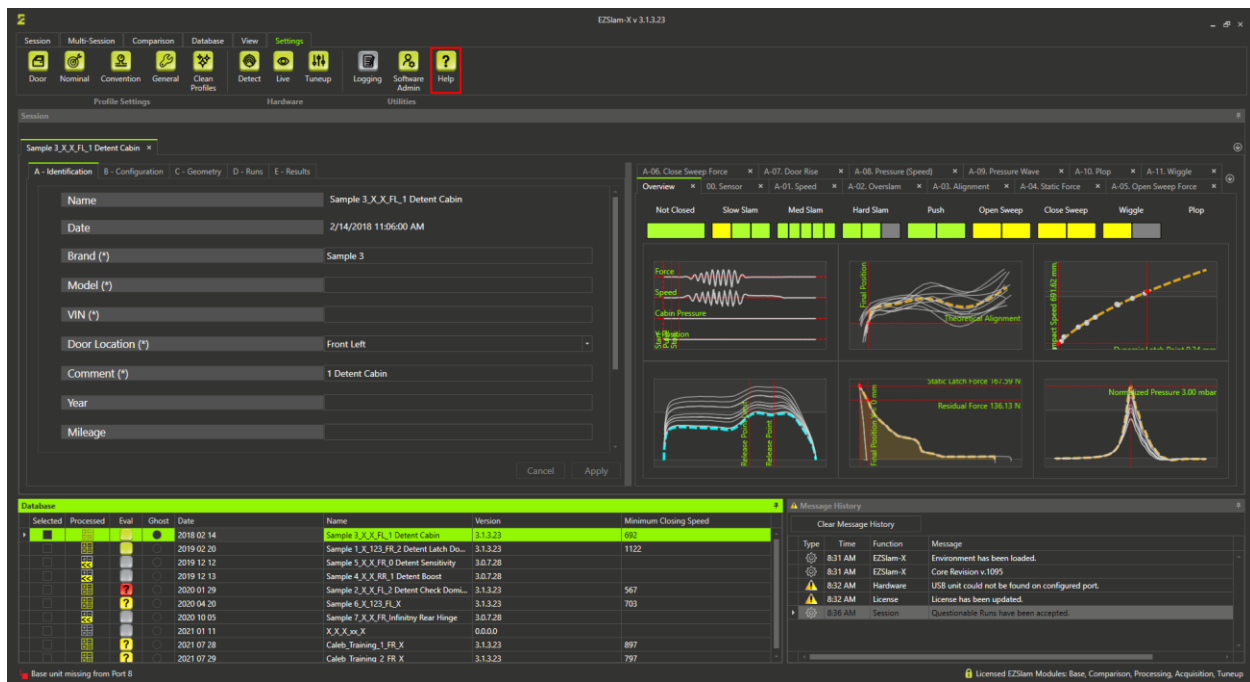

The following link navigates to the EZMetrology Public Access SharePoint site. Here the .pdf and .chm user manual files can be found:

[EZMetrology Public Access SharePoint | User Manuals](#)

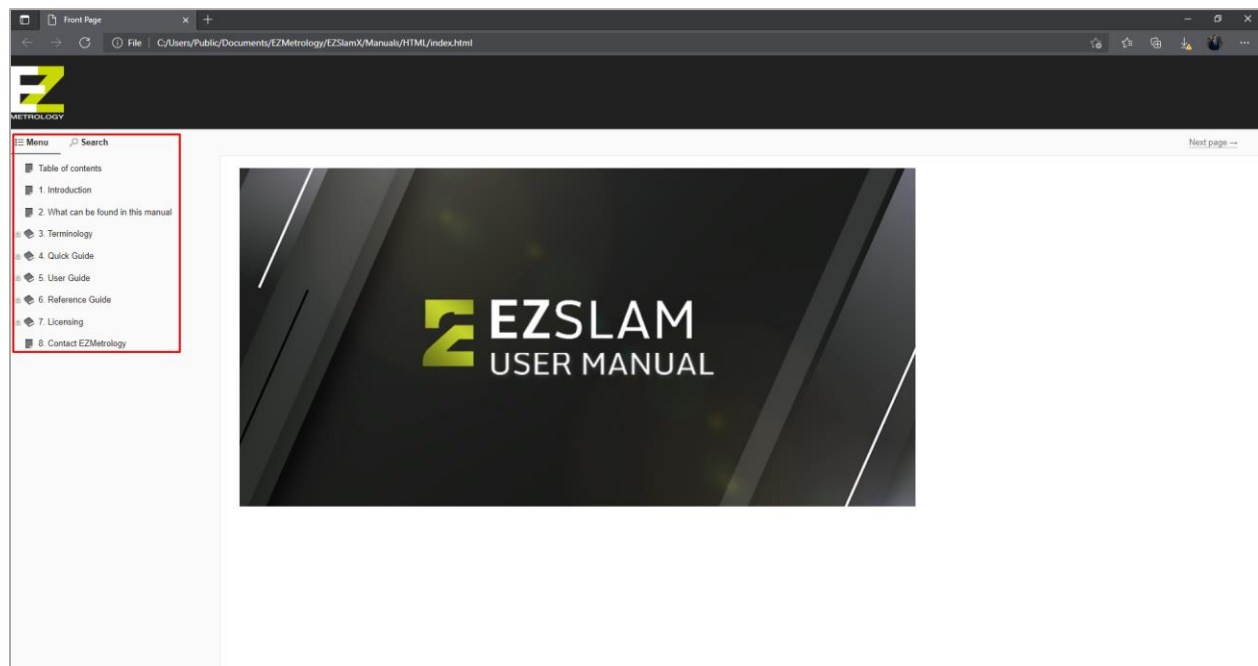

The EZSlam User Manual can also be found within the EZSlamX software:

Click on the *Settings* tab.

Click on the *Help* button.

This will open an HTML version of the user manual.
